

TIMS FOODS LTD - established in 1991

1991 - We launched Tims Foods as an independent family business, producing bread in several rented production facilities

1995 - We expanded our production range with wide range of breakfast bakery goods, including cozonac and brioche products

1999 - We launched the first industrial facilities to produce factory - made bread

2005 - Tims trademark registration. We started working with the largest food retail chains in Bulgaria and established ourselves as a leader in the production of Cozonac and Brioche products. Certification in accordance with the latest standards of food quality and safety. (ISO, FSSC and others).

2008 - We registered CAKE MANIA as a European trademark and expanded our production range to include sponge cakes, biscuits and other sweet treats.

2021 - Nielson research for Bulgarian market - Market Leader in Brioche/ Cozonac with 74.3% market share on Total segment sales and Brioche Buns with fillings 84.8% of Total Buns segment.

2022 - new industrial factory with approximate investment of 10 + mln EUR in the highest possible and most modern production equipment.

TODAY - 2 factories (25.000 sq.m.) equipped with the latest, most advanced technologies, IFS Higher Level certification

- products have perfect balance between quality vs price using best healthy ingredients with high level of freshness

- industrial lines work only with technical staff, fully automated to the pallet. Tailor-made for our distinctive products for dominant advantage in terms of cost on European scale, and not only.
